## STRIKE DECLARED OFF

Anthracite Coal Miners Accept Arbitration Through Commission.

### THE VOTE UNANIMOUS

On Thursday Morning at 7 O'Clock All Men Will Show up at Their Mines for Their Places—Laid Off Railroaders Recalled.

Wilkesbarre, Oct. 21.—The coal strike is declared off and all the miners will report for work Thursday morning next after being out 171 days. When the convention met at 10:05 o'clock this morning the pending business was a resolution that the strike be declared off.

Just after convention was called to order the resolutions committee, of which President Mitchell was president, submitted the report recommending a communication be sent to President Roosevelt informing him that the convention accepts the arbitration proposal and this was amended recommending President Mitchell as the authorized act of Mine Workers before the commission.

The report of this committee also recommended that the resumption of work take place at 7 o'clock on Thursday morning.

The delegates were ready and eager for a vote and when the question was put it was adopted by a viva voce vote and the strike was declared off amid great cheering, the vote being unanimous.

Just after the vote was taken President Mitchell announced that he had received a telegram from President Roosevelt saying he would call a meeting of the commission immediately after the action of the convention, and President Mitchell said he had every reason to believe the findings of the commission would be announced within one month after the close of the convention. The convention then adjourned sine die.

### Coal Prices Did Not Hold.

New York, Oct. 21.—Prices fixed last week by the retail coal dealers at their exchange have not been maintained. Some domestic sizes were sold at the schedule rate of \$15 a ton, but many dealers made prices to suit customers, selling as low as \$12 a ton, in many cases advising them to get along with as little as possible until the price could be reduced again. Most of the dealers said they believed that anthracite of all domestic sizes would be selling at \$8 a ton, and possibly at \$7 a ton within a week.

Soft coal was selling far below the schedule price of \$6.50 a ton. In many cases the dealers were selling it at \$4.50 a ton and were not making large sales even at that price. The dealers who were obliged to order their supply of soft coal in advance are suffering from the fall in prices.

### Missionary Threatened.

New York, Oct. 21.—Advice received from Dr. George D. Marsh, an American board missionary at Philippopolis, Bulgaria, say he and his wife have been threatened with death by dynamite unless the sum of \$2400 each was paid at an early date, according to an American dispatch from Boston. The threat was made in a letter dated Sept. 16. The threatening letter gave a detailed account of the Marsh family's doing for several weeks, thus showing perfect espionage. The family is keeping in doors after nightfall, and the house is guarded by police. There are thirty other American board of missionaries in the Bulgarian field. The Marshes have been engaged in mission work there for thirty years.

### Portuguese East Africa Sale.

London, Oct. 21.—While premature reports of the sale or lease of Portuguese East Africa have been denied at Lisbon and elsewhere, there has been a general agreement among people in the diplomatic set that the future of that section would be determined by secret treaty between Great Britain and Germany. The terms of partition have been agreed upon in advance and this carries with it the presumption that the purchase or lease will be effected as soon as the government at Lisbon is prepared to fix a reasonable price and to face the popular agitation which would inevitably follow the alienation of natural territory.

### Bulgarians Opposing Turks.

Constantinople, Oct. 21.—The Turkish forces are encountering strong opposition in their operations in Kresna valley. A large Bulgarian band in entrenched positions has stubbornly opposed further advance of troops. According to official information the Turks have surrounded the Bulgarian strong-hold and the surrender of the revolutionists or their dispersal is expected daily.

### Will Sue for Franchise Tax.

It has been remarked that Jim Younger got more cranky ideas into his dying statement than were ever before reduced to so few words. On love, politics and religion it showed that his think tank had sprung a leak. His claim of personal acquaintance with the Almighty was almost equal to President Baer's break.

It is unquestionably true that an organized effort is to be made by the republican party organization in Texas to defeat the poll tax amendment to the state constitution, which comes up for vote at the general election in November. The general scheme is to get out local county republican tickets in the various counties and gather all the strength possible to the republican cause and bring out a full vote to defeat this measure. It is the plan of the republicans in Anderson county to do this.—Palestine Herald.

### LETTER FROM MANILA.

Manila, P. I., Sept. 19, 1902.—Messrs. Connelly & Carnes, Bryan, Texas. Gentlemen:—Thinking it might be of some interest to you, I send you under separate cover a copy of the "Manila Times," evening edition. I sent you one some time since which I guess you have received ere this. I will send you papers now and then, such as they are.

There is a new paper here now called the "Manila Cablenews." It is a daily and is by far the best paper we have over here.

The "Times" is a rabid republican as you will see. There are several factions over here who aspire to be "boss political party," and who you know more about I guess than I do.

Mother sent me a Houston Post and an Eagle which I have nearly worn out, advertisements and all, and I keep them under my pillow. [The Eagle editor thanks you, Mr. Broadus, and in exchange for the papers you will send "now and then" we will send you the Eagle regularly.]

Hoping that the paper will be of interest to you and that I have not intruded, I will close with best wishes to the Eagle, the Light Guard and dear old Bryan. I am very respectfully,

Your soldier friend,  
Edward K. Broadus,  
36th Co. Coast Artillery, Fort Santiago, Manila, P. I.

### COUNTY COURT.

The case of Jim Jackson, charged with an aggravated assault upon his wife, went to trial yesterday (Tuesday) morning before a jury. Convicted and fined \$25 and costs.

### Whose Baby Are You?

"Whose Baby Are You," the new comedy creation which comes to the Grand on Thursday, Oct. 23, is aptly described as an "effervescent ecstasy." Its effervescent humor which bubbles in every line and permeates every situation sends the audience away in a thoroughly amused and laughter sated frame of mind. From the rise of the curtain until its fall on the last act, it is a laugh from beginning to end. A strong company of farceurs including Miss June Mathis and Mr. Jno. F. Ward, will appear in the merry little play on the above date.

President of the Shakespearian Club, Kansas City.

"Your booklet came to my  
home like a message of health  
when I had suffered with  
headache, backache and bear-  
ing-down pains. I was weak,  
nervous and hysterical and  
had not consulted any doctor,  
thinking it would pass away  
in time, but instead I found  
that the pains increased and  
were more frequent. I de-  
cided to try Wine of Cardui  
and in a short time was much  
improved. It seemed to act like a charm.  
I kept up the treatment and the result  
was most satisfactory. Words fail to ex-  
press my gratitude for the suffering that  
is now saved me. I am in fine health,  
physically and mentally. I can only say  
'thank you', but there is much more in  
my heart for you."

nervous tension. The nerves  
soon begin to give way under  
the strain. You perhaps jump  
at any unusual disturbance,  
or laugh or weep, hysteri-  
cally, at no apparent cause.  
That is what Miss Fay Lee,  
608 1/2 North Seventh Street,  
Kansas City, Kansas, was  
coming to when she rescued  
herself by taking Wine of  
Cardui. The Wine made  
her a strong, healthy woman  
again, as it has made a million other  
women strong and healthy. By induc-  
ing regular menstruation the entire  
system is relieved of the terrible wasting  
drains. The ligaments which hold the  
womb in place are strengthened by a  
healthy flow and that organ is returned  
to its normal position. Returning  
health is the result. This is what  
Wine of Cardui has done for thousands  
of the best women in America.

**B**EARING-DOWN pains are the  
worst that women know. If  
you are suffering from this trou-  
ble you need not be uncertain  
about it. The pains in the abdomen  
and back that feel as if heavy weights  
were pulling down on the nerves of the  
stomach are "bearing-down pains".  
They may not be particularly severe at  
present but they are growing worse.

**British Troops Led into Ambush in Somaliland.**  
**MANY MEN KILLED**  
**Black Troops Are Weakening, Nearly All Camels Killed and Nearly Out of Water and Ammunition, Writes an Officer.**

London, Oct. 21.—A letter from an officer belonging to the Somaliland expedition, received here, shows British forces even in more precarious position than have been indicated in official dispatches. The writer says: "No one will appreciate this business until too late. We are in a regular trap, and how we are going to get out we do not know. We have had stiff fights and have lost many men. The worst is our blacks are flunking, and our camels nearly all have been killed or captured. We have next to no water and are miles from any wells. We have no supplies and nearly no ammunition. They have captured two of our maxims. I do not suppose they care at home what happens to us. It is a brutal shame to send us blind into ambush like this. I hear fresh troops are coming up, and only hope they will come from India."  
The writer refers incidentally to some brisk fights which he apparently presumes have already been known here, and adds:  
"Thirty-three of us escaped. By jove that was a pretty affair. We whites stood out, but, oh, we have too many blacks."

**Foreign Office Blamed.**  
London, Oct. 21.—Military men hold the foreign office responsible for the disaster to Col. Swayne's force. For economic's sake they say the department accepted raw levies of Somalies as trained disciplined soldiers, while Col. Swayne's urgent counsel to establish a permanent military post at Curao was not followed. Lord Cranborne's statement in the house of commons has created an uneasy feeling, and further news is eagerly awaited. There is no question that Col. Swayne's force is now in a most perilous position, as the Mullah will receive large accessions of fighting strength from the tribes which previously remained passive.

**India Troops Ordered to Rescue.**  
Simla, India, Oct. 21.—The Second Bombay grenadiers have been ordered to Somaliland. Other troops will probably follow.

**HEART SEWED UP.**  
**Doctors Perform One of the Rarest Operations in Surgery.**  
New York, Oct. 21.—One of the rarest operations known to surgery, the sewing up of a severed ventricle of a human heart, has been performed at Bellevue Hospital. The patient was Annie Kingsley, who was stabbed by her husband during a quarrel on the street. She was thought to be dying when the ambulance reached the hospital. The blood was pouring from a long wound in the left ventricle, which supplies the body with blood, while the right pumps to the lungs. The surgeons knew the flow must be checked at once if the woman was to be saved. The operation was decided upon. It was performed by two surgeons, with 15 more looking on.  
The heart was laid bare and the surgeons saw that the wound was very severe and it would require six stitches. During intervals between the beats of the heart the needle was inserted six times and the flow of blood was stopped.  
The wound was carefully dressed and the surgeons waited to see the result. The patient rallied rapidly and the surgeons expressed the belief that she will recover.

**BANK BLOWN OPEN.**  
**Robbers Get Between Ten and Twenty Thousand Dollars.**  
Minneapolis, Oct. 21.—George W. Smith, general agent for a casualty company of New York, has received information from Summit, S. D., that the Bank of Summit had been blown up by robbers and the vault looted of its contents. The loss is estimated at from \$10,000 to \$20,000, but it is claimed the proprietors will lose nothing, for they were insured against robbery.

From what can be learned it appears that the robbers entered the building early Monday morning and used a quantity of explosives, which wrecked the structure and gave admittance to the vault. The robbers escaped.

**Boys With Jewelry Arrested.**  
New York, Oct. 21.—Having in their possession valuable jewelry and other articles, two eighteen-year-old boys have been arrested in the Fifth Avenue hotel, and are being held as suspicious persons pending an investigation. They say they are cousins and give their homes in Butler, Pa. Among the gems was a pearl necklace valued at \$1000. During their stay of ten days here the boys have occupied suites of rooms at half a dozen leading hotels. According to the police they ordered goods sent to their apartments from large jewelry and drygoods and managed to receive them without payment.

**Negro Pays an Awful Penalty at the Hands of a Mob.**  
**CRIME WAS MURDER**  
**The Accused Was Taken from Jail in Arkansas by an Infuriated Mob and Cremated Despite a Quick Trial Promised.**  
Forrest City, Ark., Oct. 21.—Charles Young, the negro charged with assaulting and afterwards murdering Mrs. Ed Lewis, was burned Monday night by a mob of infuriated citizens of this county.  
Sheriff W. E. Williams used every effort against this measure and had telephoned Judge Hutton who had promised to come and give immediate trial for the negro, and the leaders of the mob had given the sheriff positive pledges that they would wait trial and take no violent measures.  
Later in the day, however, more violent counsel prevailed, and about 8:30 o'clock Monday night the mob marched to the county jail, and after having been refused the keys by Deputy Sheriff Murphy, until Sheriff Williams could be acquainted with their demands, the mob not waiting for Sheriff Williams arrival, forcibly took the cell keys, from Murphy and, breaking in the jail door with sledge hammers took the prisoner forth from his cell against the protest and pleadings of Sheriff Williams, who had arrived in the meantime.  
The mob took the negro to a point about half a mile east of town and bound him, then piled up wood around him and set fire to it. The negro begged piteously for his life but the mob turned deaf ears to his pleadings. In a short time the flames leaped upon him and he expired in the presence of the several hundred men composing the mob.  
After Young had been put to death the mob started in quest of another negro alleged to have been implicated in the killing of Mrs. Lewis. At midnight he had not been found.

**RELATIONS STRAINED.**  
**Venezuela and Great Britain Are Not on the Best of Terms**  
Caracas, Oct. 21.—Diplomatic relations are very strained between Venezuela and Great Britain, and should the revolution not triumph all circumstances justify a prediction of a rupture between the two countries. The Venezuelan chancellery is very angry at the hoisting of the British flag, in spite of its protestations, on the island of Palos; and President Castro in his conversations with the British representative has been very far from pleasant. In an interview with General Castro by a correspondent he said, re-

ferring to the commencement of the Matos revolution and the incident of the revolutionary steamer Ban Righ: "It is now several months since the Ban Righ, chartered by the Matos revolution, arrived at Trinidad, and we protested against her presence at that island. The British minister, Mr. Haggard, immediately repaired to the foreign office and assured General Pachano, the Venezuelan minister of foreign affairs, that he would do all he could to obtain from his government orders that the Ban Righ and all revolutionists residing at Trinidad and the other British West Indian islands, should leave and not to return to those islands if the Venezuelan government would agree that the sur tax of 30 per cent, imposed in the customs on goods coming from the British West Indies on their entry into Venezuela, should be repealed."  
A cabinet meeting was held at which General Pachano submitted Minister Haggard's proposal. It was rejected as unworthy of consideration and the question remained at that stage. It seems, therefore, from these facts that the British government through its representative here offered security against the revolutionary party in exchange for a commercial advantage.

**Would Not Send a Pole.**  
London, Oct. 21.—Cabling from Rome a correspondent of the Daily Chronicle says Monsignor Zaloski, apostolic delegate in Canada, has been trying for the past year to secure the appointment to Washington. The Vatican, however, refused to send a Pole to the United States, for fear of displeasing the people of that country with a delegate of the nationality of the assassin of President McKinley.

**Railroad Employees Called Back.**  
New York, Oct. 21.—The anthracite coal-carrying railroads have called into service trainmen, station agents and clerks laid off in consequence of the suspension of coal transportation during the strike. The Philadelphia and Reading and Jersey Central roads will reinstate between 4500 and 5000 trainmen and other coal-carrying roads probably 10,000 more.

**Hunter Accepts Decision.**  
Denison, Tex., Oct. 21.—The Choctaw nation gubernatorial muddle has been settled at last. T. W. Hunter and Green McCurtain, both of whom claimed the office of governor, agreed to leave the matter to the secretary of the interior to decide. Monday a message was received from the interior department, recognizing Green McCurtain as governor of the nation. Everything is now peaceable and quiet at Tuskahome.

**Shooting in Louisiana.**  
Abbeville, La., Oct. 21.—A killing occurred at Gueydan, a small town twenty-five miles from here. Joseph Mousivie was shot three times in the back, the ball piercing the lungs, killing him at once. Dr. Edwards held an inquest and as the result of the investigation John C. King, a negro saloonkeeper, was lodged in jail here on the charge of murder preferred in connection with the findings of the coroner's jury.

**Accidentally Shot.**  
Sherman, Tex., Oct. 21.—Will Smith, aged 18 years, son of a widow residing in West Sherman, was perhaps fatally shot late Monday afternoon. In company with a companion about his own age, Fred Grider, he was returning from a day's hunt in the creek bottoms. Just as they got into South Travis street one of the guns was discharged and the entire charge of the gun entered his side, severely lacerating the right hand also.

**Wheat Prospects Excellent.**  
Denton, Tex., Oct. 21.—The wheat prospect throughout the country was never more flattering, and with good winter rains it will be almost a certainty for Denton county next year to make one of the biggest wheat crops in its history. The acreage is largely increased over that of last year and the prospects this time last year were far less flattering, hardly any rain having fallen and little of it being up.

**Fired upon from Ambush.**  
Ryan, I. T., Oct. 21.—F. H. Flanning, a collector for a school supply company in Chicago, came into Ryan Monday morning with several bullet holes through his hat and clothing. He states that while driving along a deeply washed-out road about six miles east of Orr a man suddenly appeared on the bank above and opened fire. Flanning's team broke into a run which saved him.

**One Dollar Per Mile.**  
Washington, Oct. 21.—Bids were opened at the postoffice department here for the contracts for carrying the mails between New York and Havana and Tampico, Mex. The only bidder was the New York and Cuba Mail Steamship company, whose bid was \$1 per mile for each of the two routes. Its bid will be accepted.

**Case Against the Millionaire.**  
St. Louis, Oct. 21.—The millionaire politician, Edward Butler, has been indicted by the grand jury on the charge of paying to Delegate Chas. F. Kelly a \$47,500 bribe for members of the house of delegates combined who passed the ten year city lighting bill on November 28, 1899.
